RELIEF WORKERS HAD CLOSE CALL

Nationalist Soldier Whom Nurse

PROTECTED ORPHANS

J. S. "Samaritans" Supplied
Homeless Youngsters With Food
Despite Daily Bombardments

(By the Associated Press.)

Constantinople, Friday, July 2. —
The gratitude of Enver Day, a na-
tionalist machine gun commander,
who had been nursed back to life by
Miss Mary Super of Narberth, Pa., a
red cross nurse detailed with the
American Commission for Relief in
the Near East, made possible the
escape of the relief workers from the
American board mission building in
Izmir 30 minutes before the nation-
alists turned their artillery on the
structures and destroyed them on
June 13.

This fact became known today with
the arrival here of Miss Super, Miss
Katherine Bredemus of South Bend,
Ind., and Mr. and Mrs. D. C. Eby of
Joliet, Ill., from the Hadjin dis-
trict. The bare news of their escape
preceded them by a few days.

Miss Edith Cold of Cleveland
escaped with the other relief workers,
but remained in Caesarea in the hope
of being able to give further aid to
the Armenian orphans, who had been
under the workers' care at Hadjin.
While Miss Alice Clark, another of the
workers from Hadjin, is at Samsun,
recovering from the exhaustion of the
long trip on mule-back through the
mountains.

American Compound Bullet-Ridden.

The relief workers maintained neu-
trality in the fighting between the Ar-
menians and Turks, which opened
March 22. The Turks took charge of
the American compound, fortifying be-
hind it and Hadjin in such manner
that whenever Armenians fired upon
the Turks, the compound was peppered.

Under daily fire, the relief workers
protected the orphans until June 8,
when Armenian troops from Hadjin
infiltrated the Turks and captured the
orphans. The Armenians took the
orphans into Hadjin despite the pro-
tests of the Americans, who had hoped
to persuade the nationalists to take
the orphans to a safer place than Had-
jin, which was short of food and am-
munition and could not resist the na-
tionalists long.

After the Armenians withdrew with
the orphans, the Americans were in
grave danger, as many of the national-
ist leaders believed the Americans had
helped the Armenian military efforts.
Hadjin was under bombardment of
the nationalists for several days. En-
ver Bey, in his gratitude to Miss Su-
per, persuaded his associates not to
be on the buildings occupied by the
Americans and the bombardment was
checked until messengers had warned
the relief workers and led them to the
shelter of the mountain side, where
they watched shells wreck the bullet-
riddled buildings which had sheltered
them through the ten weeks of siege.
The nationalists took the Americans
into their camp and gave them every
comfort.

FOE ASKS MORE TIME TO CARRY OUT TREATY

Would Have 15 Months' Grace
But Premier Lloyd George De-
clares This Impossible

(By The Associated Press.)

Spa, Belgium, July 7. — The Ger-
man plan for progressive demobili-
zation of 100,000 men in 15 months
was presented to the representatives
of the Allied governments here this
afternoon and was declared unsatis-
factory to the Allies. The Associated
Press is informed by a prominent
member of the conference. It will be
examined seriously, however, and ac-
tion upon after the experts report to-
morrow.

The impression in Allied circles to-
day is far more favorable than yes-
terday, the presentation of the Ger-
man plan opening the way for dis-
cussions and removing the danger of
a rupture.

The official communique issued af-
ter the session of the conference to-
day says that General von Seeckt,
German chief of staff, submitted a de-
tailed note on Germany's position re-
garding war materials and asked for
a delay of 15 months to comply with
the treaty requirements.

Premier Lloyd George, in behalf of
the Allies, declared this impossible,
since it was known that thousands of
guns, machine guns and rifles were in
the hands of the German population
and a million men were under arms
under various pretexts.

The communique says that the ex-
perts would meet tonight to verify
General von Seeckt's offers and that
the Allies would announce their final
decision tomorrow.

The German minister of defense,
Ritter Gessler, during a recess of the
conference, said to the German news-
papermen: "If we are compelled to
surrender, then it must be done. But
we will not be responsible for internal
order in Germany."

COX URGES LOUISIANA TO RATIFY SUFFRAGE

"Legislature Owes It As a Duty to the Democratic
Party," Presidential Nominee Says in Tele-
gram to Southern Political Leader

RIVAL CANDIDATES ARE KEPT BUSY

Cox Spends Most of Day Receiving Callers and
Messages of Congratulation, While Harding
Begins Writing Speech of Acceptance

Dayton, Ohio, July 7. — If the legislature of Louisiana acts in
accordance with the opinion of Governor James M. Cox, the Demo-
cratic nominee for President, women will be enfranchised to vote at
the November election and the Democratic party may get the credit
for making universal suffrage a fact.

In a telegram to Frank J. Looney, chairman of the Louisiana
state central committee, Governor Cox expressed it as his opinion that
the Louisiana legislature owes it as a duty to the Democratic party to
ratify at once. Mr. Looney had wired the governor asking him to
express his views to the legislature on ratification of the amendment.

The governor's answer to Mr. Looney
follows:
"I have your wire as chairman of
the Democratic state central com-
mittee of Louisiana on the subject of
the ratification of the suffrage amend-
ment by the general assembly. I can only
express my opinion. It is that the
legislature owes it as a duty to the
Democratic party to ratify at once."

Has Long Favored Suffrage.

In his official capacity as governor
of Ohio, the Democratic candidate
has repeatedly placed himself on
record as being in favor of giving wo-
men the ballot. He has signed a num-
ber of bills intended to enfranchise
women in this state, and in a special
message to the legislature transmitting
the federal amendment for ratifi-
cation, he urged favorable action.
Consequently, his frank opinion ex-
pressed today on the subject was not
unexpected here.

It was stated today by those in close
touch with the Democratic presiden-
tial candidate that he contemplated
conducting his campaign chiefly from
Columbus, where he will, of course, be
have to be much of the time in con-
nection with his duties as governor.
His Dayton friends, however, antici-
pate that his home city will be one
of the principal nerve centers in the
campaign and that no small part of
his campaign work will be conducted
from his newspaper office. It has been
the practice of the governor to come
home each Friday from Columbus and
spend the week-end with his family
at Trail's End and at his newspaper
office.

No political conferences of impor-
tance are expected until the party
leaders return from San Francisco.
The visit of Franklin D. Roosevelt,
the vice presidential nominee, which
is anticipated Saturday, is not ex-
pected to develop into anything more
than an exchange of felicitations. Mr.
Roosevelt will stop here on his way
home from the convention.

The governor spent most of today
at his newspaper office receiving call-
ers and reading messages of congratu-
lation which have poured into his
office in a constant stream since early
Tuesday morning. Among them were
felicitations from all the candidates
who were contenders for the honor
that came to the Ohio governor.

Lane Urges Constructive Campaign.

One message, from Franklin K.
Lane, former secretary of the interior,
said:
"I sincerely congratulate you and
the country. Do give us a campaign
that is constructive, that will chal-
lenge the interest and support of the
new voters. The people wait to hear
a definite word of home affairs as well
as foreign."

Tonight the Governor talked golf
with the contestants in the Ohio golf
tournament at a dinner at the Dayton
Country club.

"There is an erroneous impression
that a golf is a rich man's game. It is
not. A set of clubs doesn't cost much,"
he said. He declared it encouraged
outdoor life and particularly country
living.

"If I have one public hobby that is
more outstanding than any other, it
has been the preaching of 'more
homes.' You can preach patriotism to
a man and appeal to his sense of
duty, but you can't make the sort of
appeal to him that he gains from his
own reflections after he owns a home."
"When he finally achieves his ob-
jective and owns his home, he realizes
it is his and that he is protected in his
ownership by the government; that
under the law he is given the right to
transfer what he has earned to the
next generation; and realizes that this
generation, too, will be protected."
"He gets a real object lesson of the
relation that exists between the gov-
ernment and the individual."

eral weeks spent in preliminary prepa-

"Champion Stowaway" Is Again in Trouble

New York, July 7. — Michael Gil-
hooley, christened the "champion
stowaway" by immigration officials
here, is again in trouble and may
be sent back to Belgium. Repre-
sentatives of Mrs. Marion C. Curry,
who adopted him and furnished a
bond to support him, after his fifth
unsuccessful attempt to enter the
country, telephoned to Ellis Island
today to inquire how she could be
relieved of her ward and have him
sent back to Europe.

CONSIDER RECOGNIZING NEW MEXICAN REGIME

U. S. Notices, However, That
Hated Leaders in Various Mexi-
can Departments Are Unchanged

Washington, July 7. — The Mexican
situation is receiving more careful
study by the American government
than has any subject since the Paris
peace conference, it was stated today
at the state department. This is with
a view to according recognition to de
la Huerta's provisional government
provided satisfactory assurances are
given that it can and will maintain or-
der and will live up to its obligations
respecting the protection of the lives
and property of foreigners.

American officials, it was authorita-
tively stated, are impressed with the
evident sincerity of the expressions of
Provisional President de la Huerta and
of the efforts to bring about order in
Mexico, but they have taken note that
the active workers in the various de-
partments of the Mexican government
have not been changed and that the
newly-appointed cabinet officers leave
the work of their offices chiefly to the
same men who conducted the affairs
under Carranza.

Reports reaching Washington from
Mexico City state that foreigners who
went to the Mexican capital to com-
pare the differences between their
companies—agricultural, mining and
manufacturing—are forced to deal
with the very men who hampered their
work, and in some cases directed the
confiscation of their property under
Carranza, and that they are meeting
with the same difficulties as before.

General Obregon's desire to reduce
the size of the army, as has been re-
ported in official and unofficial ad-
vices from Mexico City, is believed by
officials to be sincere, but it is noted
the army has been increased by 30,
000 men as a result of the revolution.
Official reports received here have told
of efforts that are being made to "mor-
talize" the army by stopping the abuses
to life and property. General Calles
has issued a strong "order of the
plaza" on this subject.

THREE NEGROES MURDER MAN

Philadelphia, July 7. — John E.
Dalton, 21 years old, was held up and
murdered last night by three negro
highwaymen near his home in Sharon
Hill, Pa. Less than an hour before
the same gang had held up and rob-
bed two other men near the spot
where Dalton was killed.

Evidently Dalton made a hard fight
against his assailants. He fired two
shots at them before a bullet went
through his heart. Dalton, who was
pitcher of the Sharon Hill baseball
team was on his way to the house of
his father, a physician. The parent,
hearing of the shooting, went to the
scene and collapsed when he learned
the victim was his son.

SEE JEALOUSY IN MURDER

Rochester, July 7. — James Osborn,
45, was shot and killed early this eve-
ning. Michael Podocso, who is said to
have followed him from a house, had
not been captured at a late hour to-
night. Jealousy of Osborn's atten-
tions to women who lived in the house
is believed to have been the motive for
the shooting.

TO FORM NEW MINISTRY

Ottawa, Ont., July 7. — Arthur Me-
glen, minister of interior, this after-
noon was summoned by the governor-
general to form a new dominion min-
istry to succeed that of Sir Robert
Borden, retiring premier. It was learn-
ed unofficially here today.

shall would "loaf" in Los Angeles a

Beach.

More Congratulations for Roosevelt.

Washington, July 7. — Numerous
messages from prominent members of
the Democratic party congratulating
Franklin D. Roosevelt on his nomi-
nation as the Democratic vice-presiden-
tial candidate, were received today at
his office in the navy department.

Ambassador Davis, at London, cal-
led him "congratulations and good
wishes."

Secretary of Labor Wilson, Governor
Ramsberger of Utah, Governor
Parker of Louisiana, former Senator
Hollis of New Hampshire, Thomas E.
Watson of Georgia, and Mayor Peters
of Boston also sent congratulations.

Johnson Pledges Support.

San Francisco, July 7. — Support-
ers of the Republican party "with a
candidate standing four square upon the
platform" is the only choice left
"those who believe in safeguarding,
protecting and preserving our Ameri-
canism," Senator Hiram W. Johnson
of California, declared in a statement
at his home here today.

U. S. LIFTS BAN ON TRADE WITH RUSSIA

Only Exception Is Shipment of Materials Suscep-
tible of Immediate Use For War Pur-
poses By the Soviet

GRANT NO POLITICAL RECOGNITION

State Department Also Emphasizes That Com-
panies Trading With Russia Will Do So
on Own Responsibility and Risk

Washington, July 7. — Restrictions on trade with Soviet Russia
were removed today by the state department except in so far as they
pertain to the shipment of materials susceptible of immediate use for
war purposes.

While taken independently of other nations, this action followed
extensive exchanges between the United States and Great Britain and
France. It is believed to have been hastened by the recent negotia-
tions between Gregory Krassin, representing the Bolshevik govern-
ment, and Premier Lloyd George, looking to the resumption of trade
between Great Britain and Russia.

No Political Recognition Granted.

In announcing its action, the state
department took particular pains to
state that political recognition, present
and future, of any Russian authority
exercising or claiming to exercise gov-
ernmental functions, was neither
granted nor intended. It also empha-
sized that individuals or corporations
trading with Russia would do so on
their own responsibility and at their
own risk, as this government could of-
fer no protection to Americans going
to Russia or trading with Russia.

The statement was also made by
the department that indications were
that Russia had only a small quantity
of raw materials for export; that its
purchasing power was very limited,
and that consequently there would
not be any considerable trade with
that country.

The announcement of the depart-
ment follows:
"The restrictions which have here-
tofore stood in the way of trade and
communication with Soviet Russia
were today removed by action of the
department of state. Such of these re-
strictions, however, as pertain to the
shipment of materials susceptible of
immediate use for war purposes, will
for the present at least, be main-
tained."

Trade at Own Risk.

"Political recognition, present or
future, of any Russian authority ex-
ercising or claiming to exercise gov-
ernmental functions, is neither granted
nor implied by this action. It
should be emphasized, moreover, that
individuals or corporations availing
themselves of the present opportunity
to trade with Russia will do so on
their own responsibility and at their
own risk. The assistance, which the
United States can normally extend to
its citizens who engage in trade or
travel in some foreign country whose
government is recognized by the
United States, cannot be looked for
in the present case, since there is no
official or representative Russian au-
thority with whom this government
uses."

MINING COMPANIES SEEN AS OPPRESSOR

"Press Up to Squeeze the Con-
sumer and Down to Squeeze the
Wage Earner," Lauck Charges

Scranton, Pa., July 7. — A charge
that the anthracite coal industry is
dominated by a monopolistic system
that "presses up to squeeze the con-
sumer and down to squeeze the wage
earner" by diverting profits at points
where neither can see through the
screen of bookkeeping and legal de-
vices," was made today before the an-
thracite coal commission by W. Jett
Lauck in arguing the admissibility of
evidence on profiteering and monopoly
which he submitted in behalf of the
United Mine Workers of America and
to which the representatives of the
operators interposed objections. Mr.
Lauck also declared that the real pro-
fits of the anthracite industry were at
least seven times the apparent
profits.

The commission was appointed by
President Wilson to arbitrate the dif-
ferences between the miners and op-
erators.

"The very fact that the operators
object to these exhibits becoming a
part of the official record in this case,"
said Mr. Lauck, "constitutes the strong-
est conceivable argument why this com-
mission not only should receive this
evidence but should give it first con-
sideration in arriving at a determina-
tion of this case."

"We contend that there is no war-
rant for the assertion that the an-
thracite industry cannot pay higher
wages without a further increase in
the prices charged to the consumer.
Such an assertion is based upon the
meagreness of present returns earned
by the great anthracite companies."
"The anthracite industry has been
organized into a huge combination, a
monopoly very similar in structure to
an octopus. Its head and body are a
very small group of banking interests
whose entwining arms are seven railway
systems which control at their ex-
tremities the anthracite mining op-
erations of the country."

CAMPAIGN CASH PROBE RESUMED

Senate Committee Delves Into
Organization and Expenditures
of General Wood's Backers

PALMER COMES NEXT

Committee Also to Investigate
Fraud Charges Made Against
Department of Justice

Chicago, July 7. — The senate com-
mittee investigating pre-convention
campaign expenditures of various can-
didates today resumed its hearings by
delves into the organization and ex-
penditures of backers of Major Gen-
eral Leonard Wood. The committee
also began an exhaustive inquiry into
the organization in Missouri of Gov-
ernor Frank O. Lowden, which did
not end until early in the evening after
various details of the Roosevelt-Taft
fight in 1912 had been brought up by
witnesses.

After William Loeb, a witness, had
described how a group of New York
men underwrote \$1,000,000 for the
Wood campaign, Senator James Reed
took up the cross questioning of nearly
a dozen witnesses concerning polit-
ical conditions in Missouri and par-
ticularly in the third congressional
district, which he said was always
"noted as a hotbed of political fights."

Checkbooks Entered in Records.

Mr. Loeb presented several check-
books which were transcribed into the
records and which he said would show
what funds he disbursed. About
\$400,000 passed through his hands, he
testified. He also told of sending
cashier's checks for \$5,000 without ac-
companying letters, a practice which
he asserted was not unusual in polit-
ics. He sent these checks wherever
he was told to by Frank Hitchcock,
former postmaster general and a
Wood manager.

Ben F. Kesterson of Missouri was
briefly questioned by Senator Reed
concerning the Taft-Roosevelt fight in
1912. He claimed that E. L. Morse
employed him for \$25 a day and ex-
penses to boost Taft and paid him in
cash, making him, he said, endorse
bank checks at the same time.

"I received about \$25 on each
check," said Kesterson, "while they
were cashed for up to \$250. During
the Lowden campaign, Morse gave me
\$700, but I thought it was to make up
the differences between what I re-
ceived and what he got on the checks
in 1912. He also gave me \$100 to ad-
vertise a meeting where Senator Hiram
Johnson spoke in behalf of J. E.
Frost, candidate for congress."

Morse declared that Kesterson "was
siddy" and that he knew nothing of
any such checks.
Every cent he gave out was with
the understanding that it was to be
used "only to help Lowden," he testi-
fied.

To Probe Palmer Campaign.

The senate committee plans to
"delve thoroughly into the campaign
of Attorney General A. Mitchell Pal-
mer" before adjourning its hearings.
Chairman Kenyon said tonight. In
this connection, Edward T. Goltz of
St. Louis, Democratic national com-
mitteeman, and Joseph P. Davis, a
St. Louis lawyer, have been subpoe-
ned.

In addition to questioning Davis and
Goltz, the committee will investigate
charges filed today by William Ar-
mstrong, Chicago attorney. He charged
that the department of justice had
been instrumental in granting pardons
to alleged criminals who, he
said, might help politically, and he
added, had blocked prosecution by the
government of persons trying to gain
several hundred thousand dollars by
illegal means.

Mr. Armstrong's document consist-
ed of a printed book of 52 pages. He
charged the department of justice
with attempting to "prevent indict-
ments being returned against the New
York Central railroad" by a federal
grand jury, and said "a Democratic
member of congress" agreed with a
"certain person to obtain \$327,175.11
from the government on post was
claims if given 25 percent."

MAYOR'S CONFERENCE ELECTS

Jameson July 7. — Mayor Wil-
liam J. Wallin of Yonkers was elect-
ed president of the State Conference
of Mayors and other city officials at
the annual business session held here
today. Mayor Ralph R. Batts of
Poughkeepsie was chosen vice presi-
dent. The organization was complet-
ed by the re-election of Mayor James
R. Watt of Albany treasurer, and Wil-
liam P. Capes of Albany secretary.
Elmira was chosen as the place for
the next convention.

SUDDENLY RECOVERS SPEECH

his speech here today in the excite-
ment of a bowling game. He was
playing with the Davisville military
hospital team.

ROOSEVELT WONT RESIGN.

Stockton, Cal., July 7. — Frank
D. Roosevelt, assistant secretary of
the navy and Democratic nominee for
vice president, said here today he
would not resign his government po-
sition for several weeks. It had been
reported that he planned to resign a
once.

E. J. PLAYERS OPTIMISTIC

Think They Will Have Easy Time Trimming Weidman's Cubs Here Saturday.

That the Endicott-Johnson Athletic association's baseball nine, which defeated Weidman's Cubs at Johnson Field last Sunday in the first of a series of seven games for a purse of \$1,000, intends to "do it again," and much easier, in Oneonta next Saturday, is indicated by a sport article appearing in last night's Binghamton Press. It is evident that the Binghamtonians have a high opinion of themselves, which perhaps recalls to mind the old adage that "pride goeth before a fall."

Says The Press: On the good right arm owned by "Bill" Donahue the E. J. A. A. players and fans will pin their hopes in the big money series with the Oneonta Cubs.

Donahue's performance against the Cubs Sunday at Johnson Field leads followers of the national pastime in this vicinity to predict a clean sweep in the series for the E. J. A. A. Donahue's hurling is good enough to silence the batters of the Oneonta club and if Fisher's men can hit safely against Davis and Duba, there will be nothing to it, in the opinion of E. J. rooters.

The second game of the series for a purse of \$1,000 will be played Saturday afternoon at Oneonta. Davis, the southpaw, probably will face the Shoemakers. Davis, a youngster in years and a lad from some little country town, pitches well before the home crowd. It is understood that Manager Weidman was afraid to take a chance with him Sunday before the rabid crowd at Johnson field.

Davis will find he is pitching to a crew of good sticklers Saturday when he shoots 'em across to the E. J. stickmen. If Davis is sent to the mound by the Oneonta manager, Fisher probably will switch his outfield, playing Smith in left and "Bill" Haines in right. Both Haines and Smith are terrors for forklift pitching Splan and John Hanley, who bat from the south side of the plate, will sit on the bench if Davis twirls for the Cubs.

Arrangements are being made for a large crowd of E. J. A. A. fans to accompany the team to Oneonta Saturday for the second game of the series. The trip will be made by autos and Business Manager George Gardner is making the plans.

BABE RUTH ESCAPES WHEN AUTOMOBILE IS WRECKED

New York, July 7. — Babe Ruth, champion home run hitter of the New York American league baseball club, was not injured in the accident in which his automobile was wrecked near Wawa, Pa., early today. Miller Huggins, manager of the club, announced here tonight. Ruth returned to New York late today and will play in the game here tomorrow against Detroit. Manager Huggins said:

Ruth, Mrs. Ruth, and three other ball players, were in the car on their way to New York from Washington, where the team played yesterday. The accident, according to information received by the club officials here, resulted when Ruth, who was driving, attempted to turn out to avoid another car. His machine was overturned and wrecked.

STANFORD HAS FAST BUNCH.

Announcement is made that Stanford has a fast summer ball team composed largely of Western players and some good games are anticipated with vicinity teams. Stanford has always been a good ball team and the present season should prove no exception. A. G. Hume is the pilot.

MARKET'S RECOVERY

HAS BIGGER SCOPE

Speculative Shares Again the Outstanding Features, However—Bond List Irregular

New York, July 7. — The recovery in the stock market, which had its inception at the beginning of the month, was carried to greater length today on a broader sweep of operations, although speculative shares were again the outstanding features.

Buying of those issues was of a more varied and confident character and originated largely at interior points, mainly western and southwestern centers, while New England furnished a moderate demand for metals.

Rails and shippings shared in the movement to a greater degree than at any recent period. High-grade transportationals and coalers contributed their proportion to the largest turnover since the first week of June, probably as a result of the better transportation situation.

More than half the day's business converged around the usual favorites, however, such as steels, equipments, oils, motors and kindred specialties. Extreme advances, as represented by leaders of those divisions, ran from 2 to 5 points, with considerable impairment on profit-taking at the close.

Changes in the money market were mostly toward further easement. Call loans opened at 8 per cent.

Domestic bond issues, including the Liberty group, were irregular. Old U. S. bonds were unchanged on call.

SIX DEAD, IS TOLL TAKEN

BY TWO NEW YORK LAKES

Utica, July 6. — Agnes Selbach, 23, her sister, Elizabeth, 21, and Edward Grace, 22, and Harold Long, 20, young people of Whitesboro, were drowned while bathing in Oneonta lake at Verona Beach yesterday afternoon. It is believed the two couples waded out and walked off the side of a sand bar into a deep pool. A boatman passing the spot some time later started to pick from the water what he thought to be a floating lady's cap. In doing so the body of one of the women appeared. The others were located soon afterwards.

Glens Falls, July 6. — Mrs. Alex Dufford and Mrs. Edward Maloney of Brooklyn were drowned today in Lake George when the paddle wheel of the steamer Sagamore struck the rowboat in which they were cruising around Kattskill bay with the Misses Marie and Florence Levy of Hudson Falls. The Misses Levy were rescued. Only the Levy sisters were able to swim. All four were spending the summer at Glens Falls.

UNADILLA'S WATER CARNIVAL

River Fete Returns in Old Glory After Three Years' Absence.

Unadilla, July 7. — Monday evening saw the return of a custom that until the war was considered the main event during the mid-summer in Unadilla. After the three years of quiet Fourth, the fact that the boys and girls could return to the old custom of River Fete or Water Carnival and make it just as interesting as ever was clearly demonstrated when about twenty canoes and row boats put out from the shore in the Susquehanna river opposite the park prettily decorated with Japanese lanterns and American flags. Fireworks were fired from the opposite bank of the river by the Scouts, under charge of Scout Master Lyon. After the last piece was touched off, the band played the National Anthem and the lanterns were set afloat in the river.

GROWTH IN IMPORTS.

With imports into the United States aggregating \$2,000,000,000 in the fiscal year ended June 30, as against \$1,524,000,000 in the year immediately preceding the war, a question naturally arises as to the class of materials in which this increase occurs. One answer could be stated in a single word, "luxuries," but happily another answer can be given in two words of a more satisfactory character, "manufacturing materials," which aggregate over \$2,000,000,000 in 1920 against \$1,524,000,000 in 1914.

Luxuries do, however, show a statement by the National City Bank of New York, show tremendous increases in the fiscal year 1920 as compared with the fiscal year 1914, which ended just before the outbreak of the war. These increases are in many cases very striking. Take the single group, "diamonds and other precious stones." The total of the entire group for the year 1920 is in round terms \$120,000,000 against \$34,000,000 in 1914. Diamonds alone total \$95,000,000 as against \$25,000,000 in 1914, pearls about \$13,000,000 as against \$4,000,000 in 1914.

Laces and embroideries are another item in which the 1920 total shows a tremendous gain over that of 1914, the grand total of laces and embroideries, including those of silks, flbers and cotton, having aggregated in 1920 \$120,000,000 against about \$59,000,000 in 1914. The bulk of this increase occurring in cotton laces. Furs show even a greater gain, the total for 1920 being \$120,000,000 against \$14,000,000 in 1914.

Silks, no longer considered a luxury, show astonishing gains, both in manufactures and raw silk to be used by our own manufacturers. The total value of raw silk imported in the fiscal year 1920 in round terms \$450,000,000, silk manufactures \$100,000,000, and artificial silk \$10,000,000, making \$560,000,000 worth of raw and manufactured silks imported in the fiscal year 1920 against \$155,000,000 worth imported in 1914. Of raw silk, the imports of 1920 were, as above indicated, \$450,000,000 as against \$100,000,000 in 1914, of silk manufactures \$100,000,000 against \$35,000,000 in 1914, and of artificial silk \$10,000,000 against \$1,000,000 in 1914.

Tobacco imports in all forms show for 1920 about \$30,000,000 as against \$40,000,000 in 1914. Goatskins, used chiefly in the manufacture of shoes and gloves, show for 1920 a total value of approximately \$125,000,000 as against \$22,000,000 in 1914; fruits and nuts \$125,000,000 as against \$55,000,000 in 1914, olive oil \$15,000,000 against \$5,000,000 in 1914. Our coffee, tea, and cocoa bill for 1920 aggregates \$420,000,000 in the countries of production against \$150,000,000 in 1914.

Sugar, while not of course to be classed as a luxury, is another of the articles showing the enormous increase in the imports of 1920, with a total of about \$750,000,000, including that brought from our own islands, against \$150,000,000 in 1914.

While it is not claimed, says the bank's statement, that all of the above named articles are properly included in the "luxuries" class, it is remarkable to what extent these big increases do occur in actual luxuries. On the other hand, the increase in manufacturing material also shows a tremendous gain, since the grand total of raw material for use in manufacturing shows for 1920 over \$2,000,000,000 against \$633,000,000 in 1914.

Of course, a considerable share of the above increase is due to the higher price of the articles enumerated, but in large part to actual increases in quantity.

No Overtime Pay for Clerks.

Under a new classification effective July 1, post office clerks will receive no overtime pay for working on Sundays or holidays, but must take time off during the week. Prior to July 1, clerks or carriers could take their choice as to compensatory time or receive pay for their service. Under the new ruling, the regular employees of the local and other post offices must be granted compensatory time for working on Sundays within the following week and for service on holidays within the following 30 days. This, however, does not affect overtime made on days other than the ones specified.

Surprise for Mr. and Mrs. K. Elliott.

A very pleasant surprise was given Mr. and Mrs. Karl E. Elliott Tuesday evening at 45 Church street, on their return from their wedding trip, by about 20 friends and relatives. RESUME WORK AT WORCESTER

PORTER BROS. TO COMPLETE GRADING FOR THIRD D. & H. TRACK.

Between Schenectady and Richmondville Summit Formerly Known as Dry Bridge — Hope to Have 300 Men at Work Later — Will Reduce Grade Materially and Obviate Double Headers North Bound.

Work was resumed yesterday at Porter Bros. constructing the roadbed for the third track for the D. & H. company between Schenectady and Richmondville summit. The distance of 11 1/2 miles, upon which operations ceased in the fall of 1915 and by before the government took over the roadbeds, the company stopping the work awaiting a decision of the director for the government about new construction work.

The contractors will cooperate with a small force at first and the first task is getting the big steam shovel out and at work in a big cut just north of the station at Worcester and about opposite the village. This will require a week or more, as some track must be laid upon which to move the shovel. It is the plan to work both a day and night force, and while only 75 men will be at work this week, it is their hope to have 250 or 300 men at work at a comparatively early date, in order to complete the grading and bridge work by the close of the year so that the grade can be turned over to the D. & H. company, which will lay its own track and ballast the same.

The construction of this stretch of 11 1/2 miles, while designed to reduce the grade now existing on the present tracks of nine tenths to about five tenths, so that the double heading of trains eastbound can be eliminated, reducing the expenses of operation. It is also a part of the general plan to eventually have a third track east from Oneonta to Delanson. There is already a third track from Oneonta to Colliers and from Schoharie Junction north to Delanson.

It is estimated that the contractors had 53 per cent of the grading and nearly all of the bridge work, with the exception of three waterways and one good sized culvert on this particular contract, completed when work was suspended.

The contractors not only have considerable culvert work apart from the grading work, but no little material and tools stored along the line, and the resumption of work is welcomed by property owners as well. It will give an impetus to business at Worcester and East Worcester and will also create a demand for labor in that section.

TROLLEY COMPANY ANSWERS

Order to Show Cause Why It Should Not Resume Operations At Albany on Tuesday Afternoon.

N. P. Willis, attorney, and H. J. Skirving, auditor and treasurer of the Southern New York Power and Railway company, operating the Oneonta-Herkimer trolley line, whose employees went on a strike on July 3, appeared before the Public Service commission, second district, under an order issued requiring the company to show cause why it should not resume operations. Mr. Willis said milk trains were now in operation, that it was expected to have one passenger car in operation by Thursday, and that regular passenger operations would be resumed just as soon as men could be trained to operate the cars. Conductors and motormen, it was stated, notified the company on July 3 that they would quit work at 4 o'clock the following morning. Public electric lighting service performed by the company was interfered with in part.

The men, Mr. Willis said, wanted a 40 percent increase, while the company offered 10 percent. Net earnings of the company for 1919, after paying interest, were \$28,000 and the 40 percent increase asked for would amount to \$67,000. It was also stated that the first five months' operation in 1920 showed a net income less than for a like period in 1919 because, Mr. Skirving stated, of the severe winter and the cost of coal.

Mr. Willis said no steps had been taken to get trained men to operate the cars. Mr. Barnes, inspector of electric lines for the commission, urged the necessity of trained men because of the operating conditions on the road. The road in the past few years he said, had been comparatively free from accidents.

The hearing was held open for a week and Mr. Willis was requested to notify the commission daily of operating conditions.

Light and Power Rates in Chenango.

The Aiken-Windsor Light company has increased its rates for power service in these two villages and nearby hamlets served by it from 5 to 6 cents per k. w. h. for motors up to 2 h. p. with practically proportional increase for larger motors. This change will be effective August 1.

The Marquis Telephone company, operating in Norwich, Chenango Lake and North Norwich, has made a flat increase of \$3 per annum for all classes of regular service given by the company. There is also an increase in most of the miscellaneous service charges.

Community Service Teaches Girls to Make Own Clothes

Girls in communities throughout the United States are attending sewing classes conducted for them by Community Service. In the picture members of a class in a settlement of foreign-born miners are shown welding their needles to cut the high cost of dress. This particular class is held regularly as a feature of the good citizenship program of Community Service in the coal mines region of Pennsylvania.

THE HOUSE THAT JACK BUILT

Demonstration of Farm Home Conventions Made by State College on Auto Truck — May Visit Otsego.

The House That Jack Built is gone one better in a demonstration truck which is being sent out by the state college of agriculture at Ithaca this summer to show the farm families of New York how water and sewerage systems may be easily installed; thus one more inducement may be added to keep the boys and girls and hired men on the farm. The truck may at some time visit Otsego.

Not only does the truck carry the materials for building the house — at least the framework of one corner of a two-story one — but it also carries all the pipes, tanks, faucets and the like for putting in working systems before the eyes of the spectators.

The water system will be progressively developed from a simple pump at the kitchen sink, through an arrangement whereby the pump and a gravity tank may be made to supply hot water, up to a complete modern system with toilet and lavatory (which represents also the bathroom) on the second floor of the "house."

These systems are all actually built up before the eyes of the spectators — tanks, pumps, faucets, piping and all the rest. Outside of the framework "house" will be sketched out finally a septic tank and a model of the tank will also be shown and explained.

The demonstrations are being arranged through the farm bureau agents.

A Bright and Breezy Daily.

The Glimmerglass, Cooperstown's summer daily, and a bright and breezy one as its name implies, made its first appearance for the season of 1920 on Tuesday of this week. It is issued every week-end during the summer by the John Wiley Publishing company, and its news columns are looked after by Messrs. Carley, Spraker and Carpenter and their associates on the Freeman's Journal. The whole two facts are assurances of quality alike in typographical appearance and in literary output.

Don't forget the dance at Smalley's pavilion, Cooperstown, each Tuesday and Friday, 8:30 or 9:30.

MAKE RYE WHISKEY HAIL

CHIEF HORTON TAKES MORE THAN 20 GALLONS FROM OSTERHOUT CELLAR.

Lounging Room of Police Department Remembers Boozie Joint — Owners of Property Required to Account Within Ten Days.

Chief Horton, accompanied by Officer O'Dell, visited the residence of I. E. Osterhout on Lower Chestnut street yesterday morning armed with a search warrant issued by Judge Kellogg, it being alleged that Osterhout was trafficking in intoxicants. They unearthed something over 20 gallons of rye whiskey in demijohns and casks, which were seized and taken to police headquarters. The owner of the property will be required under the law to account for the use he was making of the commodity and for his handling of the stuff within 10 days.

The addition of this quantity of whiskey to the supply of Horke Vino and Lasa Bitters gathered in the previous night, gave the lounging room of the police department quite the appearance of a wholesale booze joint, and it was not uncommon yesterday for Chief Horton or one of the patrolmen to be greeted by parties calling there with a request for a cocktail or something of the kind.

The owners of the liquors taken in the raids of Tuesday evening will also be required to make appearance and give an explanation of the use they were putting the liquors seized. The cases will now go to the district attorney for action.

The facts are that there has been a notable increase in the number of drunken men seen on the streets and in view of the bone dry action taken by the city the authorities see no other course than to enforce the law.

Now the filmiest of summer materials are practical

You can wash them with perfect safety

THE sheerest batistes and nainsooks, the finest handkerchief linens, cobwebby voiles and organdies—they can give as good service today as ginghams!

It is all a question of how you wash them. Naturally, when you rubbed soap into them, and scrubbed it out again, those delicate fabrics never used to last! The fine thing could not stand it. But there is no rubbing with Lux—just the sousing through rich foamy Lux suds, the gentle cleansing that gossamer fabrics demand.

With Lux your blouses and gowns may be ever so filmy—yet softly cleansed and protected.

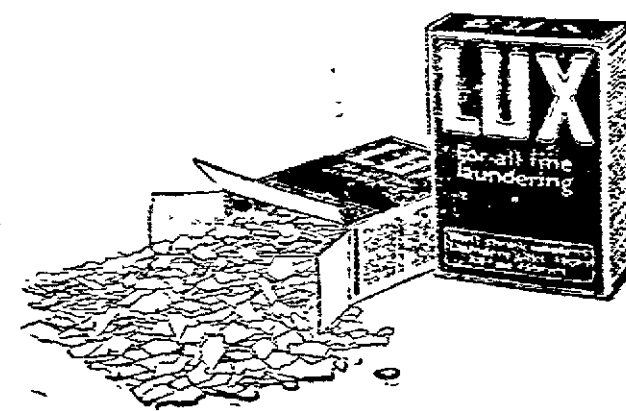

Your grocer, druggist or department store has Lux—Lever Brothers Co., Cambridge, Mass.

How to launder sheet fabrics

Use one tablespoonful of Lux to a gallon of water. Wink to a rich lather in very hot water. Let white things soak for a few minutes, then dip them up and down. Press the suds through again and again. Do not rub. Rinse in three hotwaters and dry in the sun.

For colors add cold water until suds are lukewarm. Wash quickly and rinse in three lukewarm waters. Dry in the shade.

Nothing so delicate as Lux for dainty summer frocks

LOCAL MENTION.

—The Oneonta Public library opens this afternoon at 2 p. m. in its new quarters in the Huntington Memorial library building.

—Miss Teresa Wright of Archibald, Pa., has accepted a position as clerk with the Wilber National bank and has commenced her duties.

—The Grand Floral parade at the Central New York fair at Oneonta occurs Sept. 23 and 24 and the present is a good time to arrange for flowers and floral designs.

—No arrests were made of traffic violations on July Fourth. Officer O'Hell found it necessary to warn some motorists but they were shown some consideration because of the day.

—There were 52 ladies present at the bridge luncheon given yesterday afternoon at the country club. A delicious repast was served at 1 o'clock and the remainder of the afternoon was very pleasantly spent at bridge.

—The bake goods sale of the First Baptist Christian Endeavor society, which was held yesterday at the Winslow store, enjoyed a liberal patronage. Everything was sold and in addition there were several contributions in money.

—While it was desired to have a band concert on Monday evening last, it was found impossible after the desire was made known because so many of the members of both organizations had made other plans for the day. It is now announced that the concert will be given on Saturday evening of this week by the Company G band.

Making the Jury Rolls.

Not many citizens of Oneonta are anxious to get on the trial jury rolls of the city, but of necessity a considerable number must be if the wheels of justice are properly to revolve. At reasonable intervals these lists are corrected for the purpose of adding new names and eliminating those of men who have removed from the city or for other reasons are not to be included. The assessors and some of the supervisors of the city are busy this week preparing a list from which juries will presently be drawn and which will supersede the present one.

Meetings Today.

All members of the Maccabees degree team and all who will help on same be present at the meeting tonight at 8 o'clock.

The Eastern Railwaymen's association will hold a regular meeting in the Trade and Labor hall, Reynolds block, this evening at 7 o'clock, standard time.

Daughters of Isabella will hold a special meeting this evening at 8 o'clock.

Meeting Friday.

O. E. S. social club will meet Friday afternoon and evening at 20 Watkins avenue. Mrs. C. E. Carrington and Mrs. C. M. Radcliff hostesses.

Choir Boys Return.

The 12 choir boys of St. James' church have returned from their camp at Cliffside, Goodyear lake, where they had been spending eight days with the Rev. R. A. Forde, rector of St. James' church. During their stay the camp was conducted along military lines, platoons being assigned for routine duties. Mr. Forde hopes to camp at Goodyear next year with a greatly increased attendance.

Condition of Auto Victim.

The condition of Miss Louise Sanford, the surviving victim of the Woods auto accident at Unadilla on Tuesday, remains about as that evening reported, according to report made from the Fox Memorial hospital last evening. While her injuries are of a serious nature, there is still good reason to look for her recovery.

AGREE TO ARBITRATE

TROLLEY CARS WILL BE IN OPERATION ON SOUTHERN NEW YORK TODAY.

Regular Service to Be Resumed This Morning on City and Suburban Lines — Agreement Reached Yesterday Afternoon at Hartwick at Conference.

Operation with its old employees will be resumed this morning on the lines of the Southern New York railway, following an agreement reached yesterday afternoon at Hartwick, in which the employees accept the continuation of the company that it shall continue to conduct its business upon the "open shop" principle and the company accepts arbitration of the other questions in dispute.

Following is a copy of the agreement signed by both sides, providing for arbitration unless an agreement is reached without necessity therefor:

Terms of Settlement.

It is agreed by the Southern New York Power and Railway corporation (hereinafter referred to as the company) and Division No. 943 of the Amalgamated Association of Street and Electric Railway Employees of America (hereinafter referred to as the association) that the differences between them shall be adjusted on the following basis:

First—That the officials of the company and the committee of the association shall meet and endeavor to work out a satisfactory agreement. It is agreed, however, by the association, that in lieu of Section 8 of the proposed working agreement, the following shall be substituted: That the established policy of the company to maintain an open shop will be strictly adhered to. By the "open shop" is meant that each individual employee is left free to exercise his own discretion as to whether he will join a union or not. The party of the second part (Amalgamated association) agrees that its members will at all times render proper and due assistance in breaking in new men in any branch of the service whether they have signified their intention to join a union or not.

Second—That any matters that cannot be amicably adjusted between them shall be referred to a board of arbitration under the following conditions: The company shall select one arbitrator and the association shall select one arbitrator. These two arbitrators shall select the third arbitrator. The board thus composed shall meet and hear all evidence in the case that may have a bearing on the matter in dispute and render a decision on these matters. A decision of a majority of the board shall be final and binding upon both parties and shall be inserted into and become part of the working agreement between them, which shall be dated June 1, 1920, and run until June 1, 1921, and any award made by said board shall be retroactive to June 1, 1920. Either party failing to name the arbitrator within five days after the signing of this agreement shall forfeit its case. The decision of the board of arbitration shall be rendered within 30 days from the date the board is organized. The expenses of the arbitration shall be borne as follows: Each party shall pay the expenses of its own arbitrator, while the expenses of the third arbitrator and other necessary expenses incident to the arbitration shall be borne jointly by the company and the association.

Third—In consideration of the above it is agreed by the association that its members shall return to work as soon as possible, and it is agreed by the company that all men who went out on strike shall be reinstated in their former positions and in full seniority.

Fourth — The company agrees to meet and treat with the properly accredited officers of the association provided they are employees of the company, in all grievances that may arise. C. S. Groves, General Manager, H. L. Brazie, President.

M. B. Champlin, Rev. H. Ward, C. Brown, C. W. Halcott, Committee.

The employees have all been informed that an agreement has been reached and notified to be on the job this morning, and it is assumed that all cars will be in operation.

Oneonta and the section served by the road will rejoice that a settlement has been effected and that service will at once be resumed. It would have been a great misfortune had the road remained idle long, and doubtless the public would have been the greatest sufferers.

It is a matter of mutual congratulation that the old men are to return to work, for they have made a good record and the road unquestionably can be operated better and more satisfactorily, alike to the company and the public, with them than with any new force that could have been secured.

Both sides are to be commended for the spirit of conciliation displayed. Credit for effecting a settlement is due Dr. Crutten and the board of directors of the Cooperstown Chamber of Commerce, and it will be cheerfully accorded not only by this city, but by all communities along the company's lines.

TO CANVASS ENTIRE CITY

IN AID OF HOME SERVICE FUND OF SALVATION ARMY.

Women of City Arrange a Committee of Which Miss Elizabeth M. Blakely Is Chairman to Secure Funds for Work in Oneonta.

Following the arrival of Miss Christie in the city, the Home Service appeal of the Salvation Army is taking on new life and vigor and an effort is to be made commencing Friday morning to secure the funds necessary to carry on the work here and if possible to make some payment upon the building recently purchased as a home for the organization.

At 12:45 p. m. yesterday, a meeting of the men of the city representing fraternal and other organizations of the city was held at the Chamber of Commerce rooms, at which the project was considered and at which assurances were given that the ladies of the city would undertake to put the project on its feet. It was reported that only about \$1,100 has been secured of which the larger part came through the efforts of the Oneonta lodge of Elks. It was stated that \$3,000 is required to sustain the work for the year and that at least \$2,000 additional should be secured for the building project.

Following this conference, a meeting was held last evening at the Woman's club, at which some of the women of the city interested in the work were present and it was decided to make a systematic canvass of the city among those who have not yet subscribed to the fund in effort to bring the fund up to at least \$5,000.

Miss Elizabeth M. Blakely was chosen as chairman of the committee and a sub chairman for each ward will be designated with a liberal number of workers in each ward, so that each resident can be seen. Plans will go forward today and it is expected that the entire committee will be completed by tonight so that vigorous work will start on Friday.

Headquarters have been established at the Chamber of Commerce. All moneys secured are to be reported to M. C. Hemstreet, treasurer, at the Citizens' National bank. The Home Service office of the Red Cross will be open in charge of Miss Beulah Holdridge to receive subscriptions. They may also be left with Mrs. Blackall at the Huntington library.

MANNINGS SUFFER BRUISES.

Are Painfully Cut by Glass in Auto Collision Yesterday.

Mr. and Mrs. Theron F. Manning of 17 Tilton avenue were slightly injured in an auto accident which occurred yesterday afternoon at 5:30 o'clock on Main street, near the corner of Fifth street. Mr. and Mrs. Manning were returning to their home from Phoenix Mills, where they had spent a week. While proceeding along the north side of Main street, Mr. Manning turned out nearly opposite Fifth street to pass an express wagon and thus had the outer wheel of his car which was in the trolley track. Just as he had passed the express wagon, an auto driven by Scott Youmans of Fly Creek came up Main street in the middle of the car track.

Mr. Manning turned toward the curb but was not in time to avert a collision. The force of the impact threw Mrs. Manning through the windshield and she was badly cut about the face and sustained several painful bruises. She was immediately taken to the Fox Memorial hospital, where her injuries were dressed, after which she was able to return home. Mr. Manning also was badly cut about the face and was bruised.

The Manning car was taken to the Crippen and Gardner garage with a broken windshield, a bent front axle, and disordered steering gear. The car driven by Mr. Youmans, which had three other occupants, none of whom were injured, suffered a broken front axle and bent fender.

PUBLIC LIBRARY TO OPEN

Beginning at 2 O'clock This Afternoon Circulation of Books Resumed in New Huntington Library Building.

The Oneonta Public library, which for the past week has been closed to facilitate the removal of the books from the former quarters on Ford avenue and their rearrangement in the new Huntington library building, will open at the usual hour today and will be ready for the reception of patrons and the return and loaning of books. The regular office hours of the library have been from 2 to 6 and from 7 to 9 p. m., and these hours will be continued. A cordial invitation is also extended to all interested to visit and inspect the handsome, commodious and well arranged new quarters.

For some months the work will be carried on without the full equipment of new furniture. Handsome tables, chairs and cabinets are ordered, but it was decided by the library management not to await their arrival before moving. The comfortable and attractive little building that all have enjoyed for the past three years has become too crowded for adequate service, and it will be a great improvement to have the more commodious quarters even before the sufficient amount of furniture is installed.

Patrons of the library will find the reading room—second floor—a perfect joy; the view of the hills from the bow window will vie in attraction with the fine array of current magazines and newspapers.

The children's rooms—at the right, on first floor—are most attractive, and will be completely so when properly equipped with the suitable tables and chairs to accommodate the various ages and heights.

The books so far received from Mr. Huntington, including 33 boxes just received, are being placed in the lecture room and some of the smaller rooms on the second floor. The lecture room will eventually be seated with folding chairs.

Some attractive new books are ready for circulation today—new novels, miscellaneous non-fiction and children's books.

Forest Fire Near Sherman Lake.

Reports quite current about the city yesterday that the hotel and theatre at Sherman lake had been destroyed by fire in the early morning hours proved incorrect. They were doubtless due to the prevalence of a forest fire on the hill west of Sherman lake which assumed quite proportions. Later in the day the wind veered and the fire was carried to the west and away from the buildings of Mr. Sherman.

VENTILATING PORCH SHADES

Make Your Porch Your Summer Home

From the hot, dusty streets or from an overheated kitchen to turn aside to some dim, cool veranda and sink into a hospitable chair—who wouldn't respond to such an invitation. Much ingenuity has been expended on the problem of the outdoor living room and these AEROLUX Ventilating Shades represent the highest attainments in shading equipment.

The summer's heat and sun cannot penetrate them, yet all the wandering breezes flap through—for they are made from splints of heat-retarding Lindenwood and scientifically woven so as to give maximum protection and ventilation.

Special adjustable "No-Whip" cords add to their usefulness by insuring against flapping in the wind—so they may be effectively used in all kinds of weather on living, dining or sleeping porch.

DEATHS.
Mrs. Ella Best Knapp.
Ella Best, wife of the late Frederick A. Knapp of this city, died at 4 o'clock Wednesday morning at the family residence, 382 Main street. She had been in failing health for several years, but her serious illness was of about six weeks' duration. The funeral services will be held Friday at 11 a. m. at her late home. Rev. Dr. James C. Russell, pastor of the First Presbyterian church, of which while health permitted she was a regular attendant, will officiate, and interment will be in the family plot in Glenwood, beside her late husband, who was for many years chief train dispatcher for the Delaware and Hudson company, and who died in 1917, last. By request of Mrs. Knapp, the service will be private, and it was also her wish that no flowers be sent.
Mrs. Knapp was 75 years of age and was a daughter of Mr. and Mrs. George Best of Central Bridge. Her marriage to Mr. Knapp took place 55 years ago, and since that time she had resided in Oneonta, Albany and Oneonta. This city had seen her home for the past eight years.
The deceased is survived by one son, George H. Knapp, also by one sister, Mrs. Elizabeth Knapp, who was with her in her last illness, and by one brother, residing in the west. She leaves also one sister-in-law, Mrs. Matilda Best of Cobleskill. She was a highly respected woman, devoted to her home and family, and has many friends not only in Oneonta but also in Albany, where the larger part of her married life was spent.
Enjoyable Pre-Nuptial Dinner Party.
Mr. and Mrs. D. L. Palmer of Otego, Mr. and Mrs. Albert Youngs and daughter, Margaret, of Youngs, Lee Murphy of Ouditz, and Mr. and Mrs. Albert Hunsen and daughter, Jane Elizabeth, Mrs. Margaret Palmer, Miss Elizabeth Palmer and Arthur Palmer, of this city, were members of an enjoyable dinner party last night at The Oneonta. A delicious collation was served the party of the management of the cafeteria and the affair was a delightfully informal one. It took the form of a pre-nuptial reception in honor of Miss Elizabeth Palmer, who today becomes the bride of Lee Murphy.
Having sold my business, I would appreciate it if all accounts were settled by July 30, in order that I may balance by books before returning George Mann, Otego. 121

A Three Month's Subscription To "The Star" for Only \$1.50 Will Keep You Posted On Local and Foreign Events

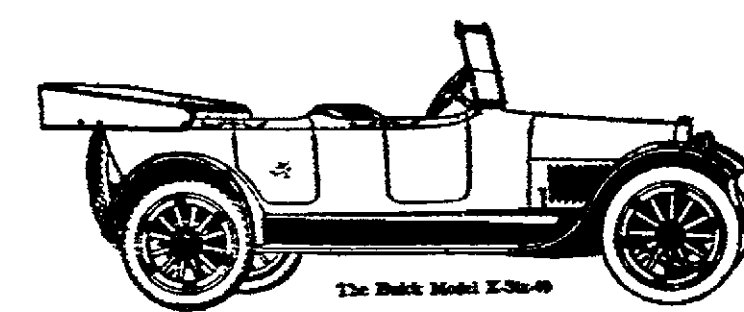

THE Buick Valve-In-Head motor car is internationally recognized as the "first choice car." It has gained this unusual distinction through twenty years of dependable service.

Motor car purchasers have watched the performance of the thousands of Buick cars in daily operation and they have witnessed their wonderful efficiency and endurance. Buick speed and power have proven to their satisfaction that "there is no substitute" for the Buick Valve-In-Head, and these buyers are demanding the Buick and patiently waiting for their local dealer's ability to deliver.

Each week and month this list of buyers steadily increases—those who delay in placing their orders early must expect a longer delay in ownership.
